Indigenous Education Policy
Aboriginal Perspectives across the Curriculum

Rationale:

The Indigenous Education must form an integral part of every student’s education. This will lead to an understanding and appreciation by all students of the contemporary cultural heritage and lifestyle of indigenous people, as well as the history and traditional aspects of indigenous life.

In 1986, Pope John Paul II, reminded us that the Church stands in solidarity with the Indigenous people.

“Even in the 90’s the emphasis through liturgy and the involvement of Indigenous peoples whilst he was here to beatify Mary MacKillop, emphasized his strongly held belief that the Church in Australia will only be truly Australian when it has included all peoples, especially the first Australians.”

Vision and Mission

We maintain and nurture our community of individuals within the family, School, Parish and the local area.

Basic Beliefs

We will focus on the three core elements of Reconciliation according to an Indigenous perspective: Spirituality, Cultural Recognition and Awareness, and Practical Reconciliation and Justice (which will be evident in our school’s covenant). This will form a natural part of our curriculum within the school.

Graduate Outcomes

We endeavour to create graduates who will:

- Have a dynamic faith
- Be committed to social justice
- Be environmentally aware
- Develop and sustain loving relationships
- Be life-long learners
- Realise their potential
- Be creative problem-solvers
- Be resilient, confident and independent
- Be respectful
- Have courage and integrity
- Be self-aware
- Enjoy their experiences
